I cannot understand your report in view of the two attached petitions dated 6.12.35 (one in Arabic and one in English). Far from wanting to withdraw, the petitioner, 'Adila 'Abd al Mannan, wishes to counter-claim other parcels in Block No. 7765 and accuses you of refusing to accept counter-claims or to give information as to Block/Parcel Nos., and of improperly interfering, and states also that she does not know what document she signed.

Subject: Planis, Dr. Tura

Reference: Yours of 20/6/33 & 17th December 1930

Tura's letter dated 2/12/35 has as soon as I arrived from Jerusalem on the day of your final investigation petitioners H. K. and Shafiq. H. K. has explained all the points they raised to explain in Tura. Thus their rights are perfectly protected as far as the claims in Tura are concerned. Also as a petition not signed in any presence but submitted to me to forward to the District Office in which they ask for certain explanations to be sent to Tura as their agreement is based on withdrawal of these explanations. This document was not signed in any presence but I understood that the signatures were witnessed by the persons concerned in the agreement. This was sent to you with my letter of 2/12/1935.

2. On Sunday 2/12/35 - that is a day before the affected petitioners were submitted to the District Office - I happened to be in the office and was called by the information clerk to explain to a woman from Tura whom I have never seen but whose inquiry was told to be petitioners. She says that as the clerk can not accept her petition in respect of the claims in the office before this is approved by you. Although I was surprised to receive without the original documents but I explained to her that neither any other nor the office can accept a petition nor any one can submit a petition to the office before referring the matter to you. She answered that you granted the petitioners permission on the day of your final investigation to which I replied that the permission was only in respect of Tura claims. She waited a while and was told to wait for a while, but answered to know what to do. She then petition dated 6/12/1935.

3. The whole case was orally explained to the D.S.O. (Chaim) and he clearly saw its absurdity and said that he was going to explain to the petitioners who were refused to explain. The explained they would not explain.

I could not give information to petitioners as the matter concerned
 was at the office. Petitioners did not sign any document or my
 presence outside her opinion which she has fortunately fully
 understood its contents. As being misperceptions interfering the
 petitioner's son firmly believes that others influenced the officers
 and the clerk in the office to refuse his petition. He is
 so eager to obtain justice. Mrs. told that he and his cousin
 (the petitioner's nephew) are great enemies. Jan. 1935 that he is
 acting without his mother's knowledge. This probably justifies
 the difference in the handwriting of John as appearing on the
 petition of 6/12/35 and that appearing on the petition the same
 attached to my letter of 2/12/1935.

2. Petitioner did not appear before me to explain while recording the claims of 27/12/35 ~~or~~ before sending it to the Central office. I understood however that she was repeatedly promised an agreement which could have been reached. I had not the petitioner's nephew interfered and sent the petition of 6/12/1935. The claims are at your office and it is up to you to accept or refuse them. Petitioner has already submitted a petition in respect of the parents in Eng. office.

Subject: Johnson's Reconnaissance Report

Further to our discussion on the Johnson's Reconnaissance report I beg to inform you that block numbers 7881, 7882 and 7886 were originally held as thush and are not registered in the Tabu. These blocks were partitioned amongst the Shushis 35 yrs ago and since 15 yrs another partition took place between the members of the family.

1. As regards block numbers 7883 and 7880. 3/4 shares were left thush and the remaining 1/4 share was partitioned as in para. 1. Again in block numbers 7884 and 7885 4/5 shares were also held as thush and the remaining 1/5 share was partitioned as above. The former 3/4 share was partitioned by the Shushis Shushis Shushis and the latter 1/5 share was partitioned by the Shushis.

2. Although all the blocks referred to in para. 1 and 2 were originally held as thush yet there was no formal distribution at our time or another.

3. As regards block numbers 8001, 8002, 8003, 8004 and 8005 these are registered as thush and sub. division of parcels takes place since the registration.

4. Block number 7886 falls within the thush area and is registered as thush and held as such.

Subject: Government Claims - Chatausawa
Reference: Jour of 423/9 of 14th October 1930

Some Government claims were submitted when we were packing the blocks and documents of Chatausawa to be sent to the Central Office. We entered the cross reference on the affected parcels but did not issue additional schedules as we did not have any. We intended to do the schedules in the office but unfortunately we forgot to do so as we were busy handling the documents of the village. The majority of the Government claims however were sent directly to the Central Office. Perhaps those claims were not scheduled either.

Subject: S. Plan No. 7883 - Kolamsawa
Reference: Govt G/423/11 of 9th October 1931

The amendment to pp. 6, 7 and 8 was based on the plan in S. No. 339/33 and Plan No. 1737/9a in S. No. 644/32 kept at the Land Registry in Gulkarum Uthman. The owner of pp. 6 appeared with the Land Registry Surveyor in Kolamsawa to correct the boundaries of his parcel according to his Land Registry map (1737/9a in S. No. 644/32). After examining the Land the Surveyor found out that the Land Registry map does not coincide with 7883/6. Thus his parcel was amended according to his plan of the Land Registry and was checked with the plan of the owners of pp. 8 also kept at the Land Registry S. No. 644/32. The amendment was done in his presence and the presence of the Surveyor whom he brought and also in the presence of the S.O. of Kolamsawa. One of the owners of pp. 6, 7 and 8 raised any objection to the amendment. Had any one objected I would have considered the amended area as disputed & would have asked the parties concerned to bring their claims. As there were no objections whatsoever, the amendment was considered as correct. I attach herewith for your information a letter submitted by one of the owners of pp. 8.

1. Government is satisfied with the amendment as the Land Registry map was checked by the Land Registry Surveyor who acts on behalf of Government.
2. Original Plans for pp. 6 and 8 are enclosed together with the two copies of the plan under reference.

Mr. H. B. Khalidi,

(Qalansuwa)

Subject:- Plan of Block No.
7883 - Qalansuwa.

I attach the two copies of the plan under reference. On the (apparently verbal) authority of the Land Registry Surveyor, you have amended the boundaries between provisional parcels Nos. 8, 7, 6 and a parcel in Block No. 7884. I can see nothing in the claims to authorize the amendments, and I therefore require to know whether the claimant to provisional parcel No. 6 on the one hand and the original claimants of provisional parcel No. 8 on the other agree that their common boundary is as amended by you in red. If they do not agree to the amendment, and if the Government claim up to the red line, then obviously the triangular piece of land should be in dispute between the claimant of provisional parcel No. 6 and Government, and provisional parcel No. 8 should be as shewn originally in black and will be in dispute between the original claimants thereto and Government.

2. The other slight amendments to the plans affecting provisional parcels Nos. 7 and provisional parcel No. 7884/1 affect only Government parcels adversely and therefore if the Land Registry Surveyor is acting on behalf of Government I propose to accept his boundaries as no private person is harmed thereby.

3. An early reply is required as the investigation has been completed and the approved plan must be sent to the Survey Department at an early date.

4. Original claims for provisional parcels Nos. 8 and 6 are enclosed. Please return with your reply.

5th October, 1935.

Mr. H. B. Khalidi,
Asst. Settlement Officer,
At Tira,
Tulkarm S/D.

I have received a petition from Muslih Abu 'Aqafa, dated 30.9.35, in which he submits that he desires to put in a counterclaim against the original claimants of parcels Nos. 7733/4 and 7744/5 & 10 at Tira on the grounds that he is a co-heir and that he was promised by the claimants other land in exchange but did not receive it. The claimants are heirs of Husein Abu Kheit.

2. Claims for these parcels were recorded on 14.1.35 and 20.10.34; and were finally investigated as undisputed on 8.8.35 and 23.8.35 and the Schedules of Rights were published on 26.9.35. The petitioner had ample time within which to counterclaim and has put forward no excuse for his failure to submit a counterclaim in due time. He did counterclaim certain other parcels and it is therefore apparent that he knew the proper procedure. I am not therefore prepared to entertain his petition and revise my decision. Please inform him accordingly.

3. At the same time, please enquire as to the location of the land which petitioner states he was promised by the other parties and endeavour to bring about an amicable settlement of the matter.

Subject: Attachment on parcel 7710/22 (Final)
Reference: Yours of 10/6/18 of 3rd Sept. 1935

The entry of attachment 33 in the Sand Registrar's List mentions Abdul Qadir Abu Ayyad and 11 of his partners, of which is the registered owner Kamel Abdul Rahman Tindya one of the claimants to the aforesaid parcel. The rest of claimants under B 13 of the said claim do not admit the attachment and state that it is in respect of Kamel Tindya only.

2. The Judgment is in favour of Abdul Qadir Abu Ayyad and his partners. I am told however that Mr. Blackford is appealing the case. The Judgment nevertheless releases the attachment. I enclose a copy of the Judgment for your examination and perusal if necessary.

3. I return all enclosures mentioned in your letter under reference together with a copy of a Judgment.

4. Delay is regretted. Claimant after being summoned 3 times appeared only today with the document.

Subject:- Claims for hire of animal transport.

Before the issue of the new Administrative Instructions, claims for hire of animal transport were made on CL/52 to which was attached a stencilled form (Appendix XXXVI of the old Administrative Instructions). Except for the column "approximate distance", the stencilled form gave very much the same information as CL/52.

2. In view of this, I suggested that the use of the stencilled form should be discontinued and that a column be added to CL/52 in which the distance should be shown. As the new Administrative Instructions refer only to CL/52, it may be taken that my suggestion was approved and that the old stencilled form need no longer be submitted. But to ensure that all the information required is given, please rule an extra column for "approximate distance" on form CL/52 for all claims submitted in future.

Subject: Petition from Abdul Rahman
Jusuf Samara
Reference: Jans C/506/13 of 3rd Sept. 1935

The claim of the petitioner involves 4 blocks of which 2 blocks of some 100 farsaks are already investigated. The petitioner's claim is very indefinite & inaccurate. Further, it is very much disputed.

I made him however to point out as accurately as possible the location of the road and sketched it accordingly on the block plans.

Your letter of 28th July 1935

Although it was understood that there exists
a right of way over pp. 8006/1 in favour of pp. 1 and 2
as the parcels in question were originally owned and
as 8006/1 has no access, but I cannot and honestly say
whether when the claim was signed by Mr. Bekker
it had the right of way or not. One thing I am sure
of is that the entry was not put by me after the
claim was signed. If it was put afterwards it was
entirely without my knowledge. It is possible
however that the clerk having omitted the entry
on the ship added it afterwards believing that Mr.
Bekker and Liberty are our party.

(attached together with the

pondence.).

Mr. Sassoon clearly states that the entry on claim No.744 admitting a right of way over p.p.No.5 in favour of p.ps. Nos. 1 and 2 was entered after the claim had been signed. He has informed me that he is prepared to take oath that the entry did not appear on the claim when it was signed.

2. It appears that an alteration has been made to the claim form under part B.9(a) by scratching or rubbing out which gives colour to Mr. Sassoon's remarks. I must therefore ask you to state in unambiguous language whether or not the entry referred to appeared on the claim at the time the oath was taken and the claim signed.

3. It is hardly necessary for me to point out that making an alteration to a sworn claim, after the oath has been administered and the claim signed, is a serious matter, and the question must therefore be thoroughly gone into.

Subject: Chalusawa Plains

Reference: Parcel 8006/s Gal.

From letter dated 17th July 1934

When Messrs Parsons, Laker, and Dipfey submitted their claims in Chalusawa they also submitted together another claim in respect of a disputed continuation of a road (parcel 8006/s see St. Plan at office). It was clearly understood by all at that time that, until the case about this dispute is settled Mr. Dipfey's access will be over 8006/s as his parcel and Mr. Laker's was originally over and as he has no access there he is entitled to have according a contract in his possession and as it was clearly stated by the members of L.S.O. in the presence of Mr. Parsons and Messrs that Mr. Dipfey's access has always been road 4. Paragraphs in this case Field Bluffs were issued to that effect where all enjoyments and encumbrances are clearly mentioned and claims were recorded accordingly. The claims then were handed to the claimants to read and sign which was duly done in my presence and in the presence of Miss Hobbs and Miss Staines who witnessed Mr. Laker's claim and who submitted herewith the attached statement setting in issue of the case.

Sir,

I beg to draw your attention to the following facts:

The land of Mr. Bekhor was purchased some 18 months ago from Mr. Lipsitz, who had it transferred to Mr. Bekhor clear, and without any incumbrance whatsoever. No claim was made of any right of way, nor indeed such a claim could be made. Further, even before the transfer of the land it was fenced off from the land of Mr. Lipsitz with his knowledge, and indeed with his cooperation.

Reference: Jours of 10/6/35 of 17th July 1935

I have reviewed all documents and claims submitted in Jours later under reference. Claims concerned were related to the area and attempt to have an amicable agreement was in vain. Petitioner seems to have a personal grudge against claimants and an agreement is out of question. I asked a report about the case and is attached to the relevant claims. Petitioner's principal claim is only entitled to a share (2/100) in Abdulla's share. Abdulla Rahman was that claim that he had was partitioned 30 years ago between his testator Abdulla Shafar and his testator's portion Abdulla. Only Abdulla's share should be explained according to Abdulla Rahman, who of Abdulla's late wife's share was entitled a share with her husband Muhammad who admits the allotment but says he actually purchased the share from his sister, Schiba's mother and testator. He claims to know that although her name appears as the testator but claimants state that she never exercised possession.

According to petitioner Abdulla Rahman, 2000 claims were not submitted previously because Schiba's principal was in jail and also she wanted to obtain the partition of the land in his petition.

Subject: Petition of Abdul Hayy Abdul Karim

Location: Abdul Hayy - Parcel 7752/52

Reference: 7752/6 Tira - your letter dated 6.7.35

The petitioner demarcated the encroachment shown on block plan 7752 as parcel 22 in my presence and submitted a claim to that effect. He claims the parcel in question to be a part of parcel 677. He says that the anchor irons were fixed long before the arrival of the surveys and he showed them to the surveyors during the demarcation. The anchor irons are numbered (422, 423) and shown on Mr. Blackwell's original map.

As the petitioner's claim conflicts with the Blackwell's parcel 5 and as parcel 5 was not sent home, it should be grateful therefore if the necessary cross reference be made and a serial number for claim 7752/22 be given.

I note from your claim for June, 1935, that you have paid 100 mils for every time of hire of a donkey for 3 hours for the collection of your mail. As this is a monthly service and as the maximum rate for the hire of a donkey for a whole day in such case is only 100 mils, I should be glad if you would try and reduce the cost of the hire of a donkey for the said service.

5th June, 1935.

Mr. H.B.Khalidi,
Asst. Settlement Officer,
At Tira.

I enclose herewith a petition in original received from Ahmad 'Ali al Mahmud of At Tira in which he claims that claimants to parcels 10 & 12 (provisional) of Block 7805 At Taiyiba have encroached on his parcel No.13 of Block 7770 At Tira to an extent of about 2 dunums in area. The relevant claims and plans are also enclosed.

2. I observe that the Asst. Settlement ~~Settlement~~ Officer At Taiyiba has made an adjustment in parcel 7805/12 in favour of Tira Lands. This adjustment appears to affect parcel 7770/13 in which the applicant is interested but I see that the plan for Block 7770 has not been amended and it seems that the Assistant Settlement Officer At Taiyiba has not notified the Assistant Settlement Officer At Tira of this change.

3. Will you please consult with the Assistant Settlement Officer At Taiyiba and inspect the land in question together with him, accompanied by the parties concerned and verify whether the claimants to parcel 7770/13 had agreed at the time to the boundary between their parcel and parcel 7805/12 as originally appearing on both plans and to the adjustment shown on the plan for Block 7805.

4. If they had not done so please instruct the applicant to proceed to At Taiyiba and submit a C/claim for the alleged encroachment.

5. Please submit a full report on the matter and return the documents referred to in para.6 below.

1st May, 1935.

Mr. H. B. Khalidi,

At Tira,
Tulkarm Sub-District.

Subject:- At Tira - Claims.

I forward herewith a petition received from Mr. Mas'ad Sayigh in which he applies that parcel 14 (provisional) of Block 7747 be partitioned between him and the minor Muhammad Sa'id Mahmud Ibrahim, the second claimant to this parcel.

2. Mr. Sayigh who is a registered owner has already applied for partition while recording his claim at the time of the preliminary investigation. There would, therefore, be no objection to have the share of the minor now partitioned from that of Mr. Sayigh's, provided that the Village Settlement Committee will certify that the quality of the land to be allotted to the minor is of the same as that remaining to Mr. Sayigh, and provided also that the area of the parcel falling to the minor is not less than his present share in the parcel. (Mr. Sayigh states that he is prepared to give the minor an area of land more than what his actual share represents.)

3. Mr. Sayigh has been instructed to call on you together with the members of the Village Settlement Committee who will point out to you the position of the parcel of the minor and at the same time sign a certificate before you stating therein the points referred to in para. 2 above and also that the partition is in favour of the minor.

Reference:- Your H.K./d/1 of 11.1.35.

Further to our discussion on this matter on 9.3.35, I forward herewith all relevant documents, maps etc., for you to take action on the lines indicated to you by me verbally, viz. you will meet the petitioner on the ground and he must point out to you the actual boundaries of the area claimed by him. If these boundaries are not demarcated, he must carry out the demarcation.

2. You informed me that you would be able to arrange for the attendance of the "experts" referred to in the judgment of the Court. If this ~~case~~ be done, it should considerably assist you in identifying the land.

3. After the land has been identified and demarcated, you will sketch it on to the block plan and give the area a parcel No. . Dimensions as found by you should be written on the plan in accordance with Administrative Instructions. The claim will be treated as a village boundary dispute.

4. The mukhtar of Qadima should be summoned to attend on the ground during the demarcation to give information as to the reputed owners of the parcels affected in Qadima. The reputed owners must attend and put in claims also so that the opposing parties may be known and the terms of the Land Settlement Ordinance be complied with.

5. I am writing to the petitioner and to the mukhtar of Qadima telling them both to arrange to attend on the ground when ordered by you to do so.

6. I attach for your information a copy of plan of block No. 8035 Qadima so that you may see how many parcels are affected by the dispute.

Subject: Elimination of Sub-minima shares
in the Hashi of Gakusawa

As almost all the shares in the village ^{Hashi} are ~~sub~~ minima and as the said Hashi is disputed by four parties namely: (1) Certain families of the village (2) The village as a whole (3) The people who have been in possession and (4) The Government claiming Eod Hashi. I should be grateful therefore if I may be instructed as to whether to proceed eliminating the sub-minima shares or not. I should point out however that after elimination in certain parcels only two or three ^{out of 50} co-heirs would remain in the claim. Those 2 or 3 co-heirs would claim the family share.

2. The Hashi comprises 2 blocks of 10 parcels. The area of the largest is 250 d. while the smallest is only 10 d. There are 35 Hashi claims to every parcel. When I started eliminating holders of Sub-minima Hashi shares strongly objected, saying that they would begin what they own to the whole village to be used as grazing land rather than consent to the elimination of their shares in favour of other co-heirs.

JaffaSubject: Petition of Haid Amin Dalah
Reference: Attached petition.

It was understood at first from petitioner that he claims an area of 75 dunams within the boundaries of Galansawa. Although he was absent when I investigated the block of Al Maksura I promised him that I would accompany him to the ground to demarcate the claimed area. But it was found that the area claimed by petitioner is excluded from Galansawa and marked disputed within the boundaries of Zifan (Qadina). He nevertheless submitted a claim supported by a judgment and asked to accept, which I did. I gave him a receipt for his supporting document and attached his undefined claim to his claim in Al Hagina in Galansawa.

I wrote to him explaining that as this area is included within the boundaries of Qadina he should submit his claim when Settlement arrives there. I have further explained that I have made a note on the map in order to show the area S.O. the disputed boundary. I have told the petitioner that the P.O. has to hear a case before he decides whether the disputed area be included in Zifan Qadina or Galansawa.

The plans checked on 18.12.33 which contains p. 36 was sent after the plans of the above mentioned village were furnished in order to show the exact location of the proposed police post (p. 36). No agreement however was reached at that time between the Port and Abu Khadras family. It is possible that Government has purchased the parcel now. If so, a claim should be submitted otherwise p. 36 should be considered as a part of Abu Khadras' land. The title question was supposed to be terminated at the Central Office as the members of Abu Khadras family repeatedly

failed to submit their claims to the Council in the above blocks. 2. The parcel and encumbrance on the plan checked on 16.12.33 was only made temporary while investigating. (Pauwant Shyachel on the spot but changed his mind when it comes to recording. It is therefore unnecessary.
